FREE PLATFORM FOR YOUTH NGOS & CLUBS

Turn “we want to do something” into a real initiative.

Design creative, realistic initiatives — and learn to use AI tools by applying them to your own project.

THE PROBLEM

Youth groups have the energy. They lack the structure.

Same activities, again

Small volunteer-run NGOs and clubs repeat the same few formats because designing something new feels hard.

Plans that ignore resources

Ideas assume a budget, a venue and partners. Most groups start with a room, phones and motivated volunteers.

AI used to copy answers

Members ask AI for answers instead of using it as a thinking partner to plan, write and evaluate.

INSIGHT FROM THE FIELD · BISKRA, ALGERIA

Motivation isn't missing.
A path from problem to plan is.

Structure, not ideas

Young people know what's wrong in their community. They need a simple frame to turn it into a scoped plan.

Start from what you have

Resources are the real constraint — every idea must also work with zero budget.

Learn AI by doing

Youth learn AI best on their own real project, not in abstract lectures.

THE SOLUTION

Problem → AI → Solution → Action

- ↗ **Initiative Idea Game** — 7 choices → a full initiative with steps, roles, indicators and a zero-budget version
- ↗ **Initiative Canvas** — the whole plan on one page, 13 blocks
- ↗ **SMART Goals game** — judge weak goals, build strong ones
- ↗ **AI Toolkit for NGOs** — ChatGPT, Claude, Google AI Studio, prompt formula and library
- ↗ **"From AI Users to AI Makers"** workshop with a team idea-builder
- ↗ Free · English & Arabic · no account · any phone

PRODUCT · INITIATIVE IDEA GAME

3 minutes to a complete plan.

Theme, target group, skill, problem, format, organisation type and available materials become a named initiative — plus 3 ready AI prompts pre-filled with the user's choices.

ONGOING PROGRAMME · NGO · VOLUNTEERING

Volunteer Passport

Small team, real impact: an ongoing programme where university students grow their leadership.

PROBLEM	Volunteering is not recognised as real experience
WHO IT HELPS	University students
SKILLS BUILT	Leadership
SIGNATURE ACTIVITY	A volunteer passport with stamps for every activity

ACTIVITY PLAN

1. Recruit a first cohort of 15–25 university students.
2. Meet every week for 6 weeks on one part of "volunteering is not recognised as real experience".
3. Use a volunteer passport with stamps for every activity as the programme signature.
4. Give each member a role that builds leadership over time.
5. Celebrate the cohort and invite them to mentor the next one.

WITH WHAT YOU HAVE

Run everything from phones: WhatsApp group for coordination, free AI tools for content, Google Forms for registration and feedback.

ZERO-BUDGET OPTION

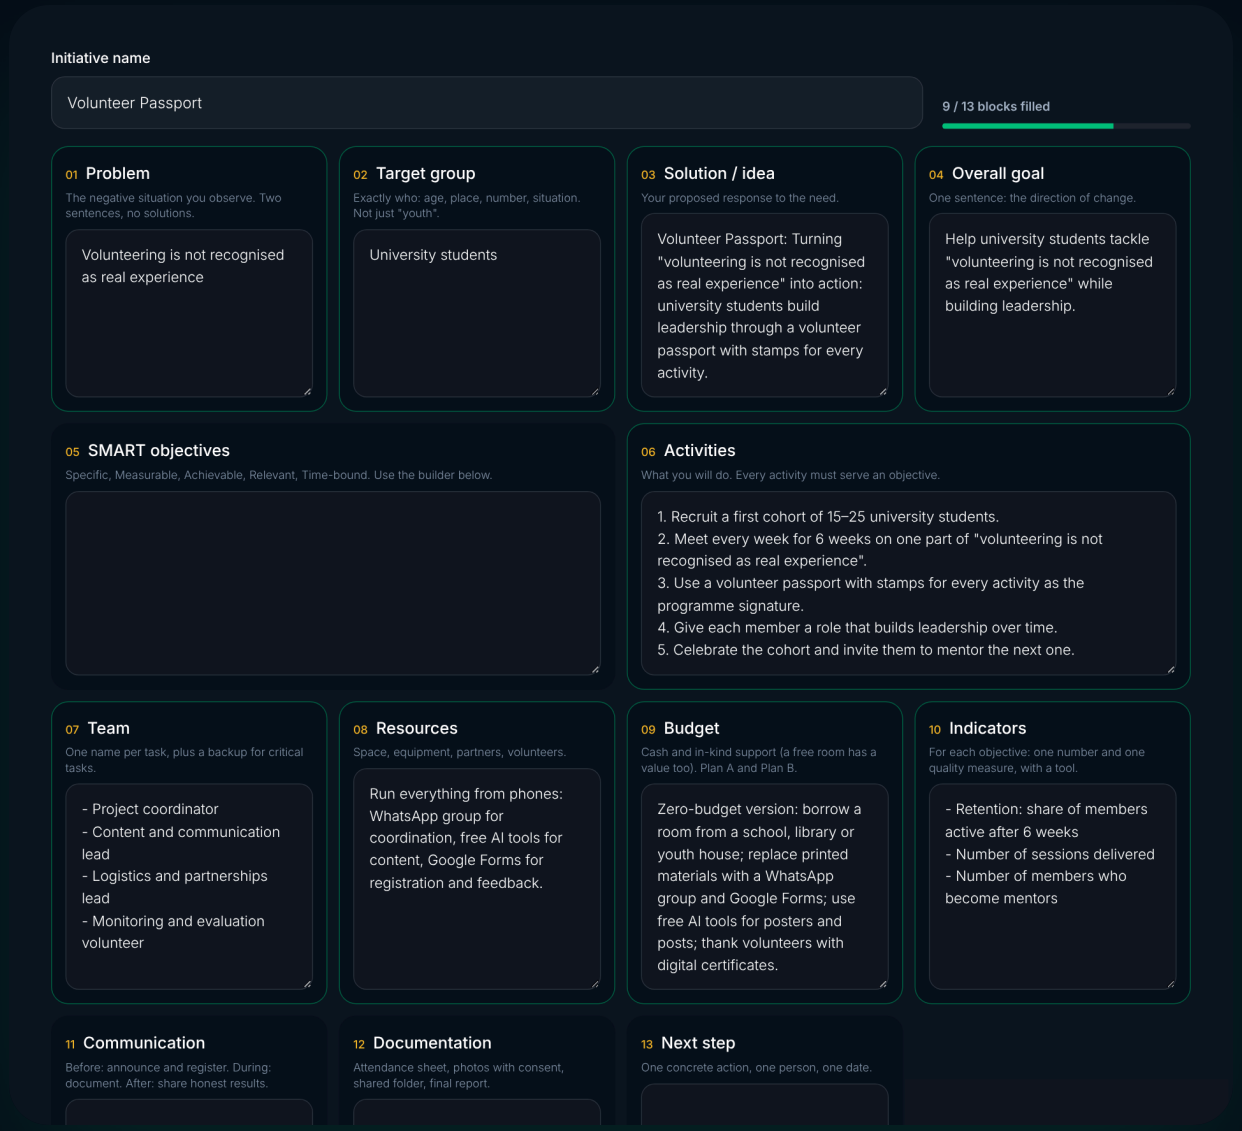

Zero-budget version: borrow a room from a school, library or youth house; replace printed materials with a WhatsApp group and Google Forms; use free AI tools for posters and posts; thank volunteers with digital certificates.

TEAM ROLES

- Project coordinator
- Content and communication lead
- Logistics and partnerships lead
- Monitoring and evaluation volunteer

SUCCESS INDICATORS

- Retention: share of members active after 6 weeks
- Number of sessions delivered
- Number of members who become mentors

PRODUCT · PLAN IT

From idea to one-page plan.

One click moves the idea onto a 13-block Initiative Canvas. The SMART Goals game turns “empower youth” into goals you can measure.

Built from TIRYAQ NGO's training worksheets.

HOW IT'S BUILT

Simple on purpose, so it lasts.

Zero cost

Static HTML, CSS and JavaScript on GitHub Pages. No server, no subscription — it survives without funding.

Safe by design

No API keys, no accounts, no cookies or tracking. Strict security policy. Works offline once loaded.

Easy to extend

All content in editable data files. Full docs so any volunteer can pick it up in 15 minutes.

WHAT HAPPENS NEXT · 3 MONTHS

Built to keep going.

- ↗ Companion tool in NAWAT AI and TIRYAQ NGO workshops
- ↗ Pan African Youth Forum workshop (proposed)
- ↗ French version · facilitator mode
- ↗ Showcase gallery · templates from partner NGOs
